

## HOLIDAYS HOMEWORK (CLASS - III) (2017-18)

Note:-

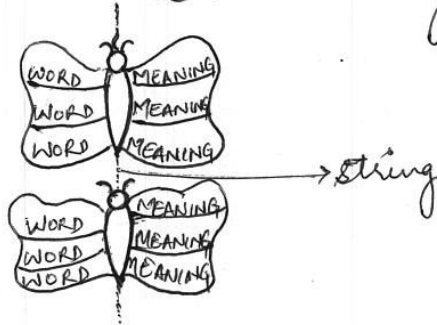

- \* Submit Holidays Homework by 15<sup>th</sup> July 2017.
- \* Use a separate notebook for holidays H.W. for each subject.
- \* Revise the syllabus of each subject covered so far.

ENGLISH:-

- \* Learn to interact in English with your parents and watch English Oriented Programmes like 'Discovery Channel', 'National Geographic', 'Animal Planet' etc in English.
- \* Read a story book written by anyone of the following authors:-  
(i) Enid Blyton (ii) Ruskin Bond  
(iii) Tom Sawyer (iv) Rudyard Kipling  
Write the book report :-  
① Name of the book  
② Author's name  
③ Major Characters and  
④ Description of any one character which you liked the most.
- \* Do 3 comprehensions of your own choice (not less than of 200 words). For questions, follow the pattern given in the class, e.g. complete the following sentences, opposite and similar meaning words in MCQ form, True/False and make new words.
- \* Make a word chain of about 15-20 words. The last 2 letters of the word should be the first 2 letters of the next word. For example,

metal → almost → stranger --- and so on.

- \* 'My Mobile Dictionary' → Make your own pocket dictionary of 50 words. Pick out the words that are commonly used in day to day life. Cut out the shape of any bird/insect using any hard sheet/Inoxy sheet. Make 9-10 such birds/insects. Write down word meanings as shown in the example given below. Join the birds/insects with a string and make a mobile dictionary.

## MATHS:

### 1. NUMBERS ABOUT ME !

On a 1/4 th chart paper draw and color the 1-100 'grid' (as done in maths lab. activity in class) to do as follow:

- Colour your age in blue.
- Colour your birthdate in red.
- Colour the number of people in your family purple.
- Colour the number of pets you have green.
- Colour your 5 favourite numbers in yellow.
- Colour greatest 2- digit number orange.
- Add any two odd numbers greater than 70 and colour their sum in brown.

### 2. 'READING IS FUN' in Maths too

Watch sports, look into the newspapers, google heights of mountains etc. To make a list of different numbers and do as follow:-

- Read the numbers as fast or as slow as you can.
- Count backward from the greatest number you wrote.
- Skip count by 2's , 5's or 10's.
- Pick a number and tell a buddy what is above, below, before and after that number.
- Tell how many tens and ones a number has.
- Read your list in a silly voice. Try reading like a monster, a frog, a prince/princess or an opera singer.

### 3) Maths Menu

Holidays are fun. More time to spend with family. Visit 2-3 eating joints/restaurants and prepare a list of your favourite food items with their prices.

- Compare the prices and show it on 1/4<sup>th</sup> chart paper with relevant pictures .
- Also, write few lines about " Value of Money" on the same chart.

### 4) Practice makes a man perfect

Revise and practice all the review exercises, mental maths corner and accept the challenge to solve the HOTS question given in the chapters covered so far.

## ENVIRONMENTAL STUDIES:

- \* Make pictures of different animals using dry leaves and paste them in the scrap book.
- \* Think of a few activities that can damage your sense organs. Make a list and write it in your scrapbook.
- \* How often do you meet your extended family members
- \* Make a collage of the pictures of flightless and aquatic birds on  $\frac{1}{4}$  Chart paper.

Revise and practice ds 1, 2, 3
